Visit Lathe Users in Your Community

This partial list of users of South Bend Lathes in Indiana and Michigan has been prepared so that the prospective purchaser of a lathe can see and examine the South Bend Lathes in his community and find out what the owners think of them. In the event you find no users listed in your town, you will find some listed in towns near by.

The names shown in this list are only a part of the complete list of South Bend Lathe users in Indiana and Michigan. The names given represent the original purchasers of the lathes, some of whom have purchased their lathes during the past few months and others who bought their lathes 15 to 25 years ago.

The Shops Listed Use from One to 50 Lathes

Some of the shops listed herein use only one South Bend Lathe; many shops are using twenty and some have as high as fifty. There are more than 3800 South Bend Lathes in Indiana and Michigan.

All Classes of Industry Represented

The users in this list represent every class of industry and trade, such as machine shops, manufacturing plants, auto service shops, tool and die shops, laboratories, home shops, federal, state and municipal shops, public utilities, schools, and metal working industries of all kinds.

What Users Say About South Bend Lathes

We have received a great many unsolicited letters from users of South Bend Lathes, some coming from users in your own state. These letters have been reproduced in a booklet entitled, "What Users Say." A copy will be mailed free, on request.
