SLIGHTLY USED SOUTH BEND LATHES AT BARGAIN PRICES

We have accumulated a few Slightly Used South Bend Lathes and are offering them at bargain prices. These Lathes are in perfect condition having been out only three months or less. This is your opportunity to purchase a South Bend Lathe for your shop at a substantial saving. Most of these Slightly Used Lathes were traded in for larger sizes, but in a few cases they were returned because the owner went out of business. These Lathes are guaranteed in first class condition and are practically as good as new.

New Display South Bend Lathes at Bargain Prices

We have a few New Display South Bend Lathes that have been set up in our factory exhibit room and operated for customers. After about six months these Lathes become soiled and instead of repainting and refinishing them, we offer them at the low prices shown on pages 2, 3, and 4. They are New Lathes, having never been used except for demonstration and are only slightly soiled.

Guarantee on Used and New Display Lathes

You may purchase any one of these Slightly Used or New Display Lathes and try it out for thirty days in your own shop. If you find it not as represented you may return the Lathe to us and we will refund your money and pay the return freight charges.

Easy Payment Terms

The Slightly Used and New Display Lathes listed in this folder may be purchased on the Easy Payment Plan.

Subject to Prior Sale

All these Slightly Used and New Display Lathes are subject to prior sale, first come first served. Mail the enclosed inquiry blank to us, and mention the size Lathe that is most suitable for your work.

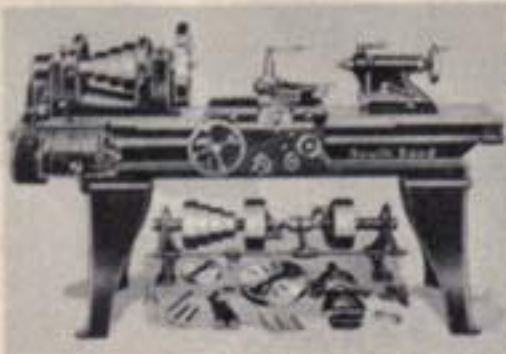

Very truly yours,
