

star-clutch-knob-screw-all

The Star knob screw on the 9N/10K, 10", 13", and 14-1/2 inch is a 10-32 LH. The 16" is a 1/4-28 LH.

Ted Pflugner

It is 32 tpi LH the shaft mic's out to .1909 shaft length .5055" and the head is .5032" in diameter and .1560" in thick.

This is off my 1940 Heavy 10.

Danny

The retaining screw on Star knob on the apron(workshop/10K) is 10-32 LF hand threads.
